**Convenience Translation of the Independent Auditors' Review Report
Originally Prepared and Issued in Turkish (See Note 3.1.1)**

To the Board of Directors of Türkiye Garanti Bankası AŞ

We have reviewed the consolidated balance sheet of Türkiye Garanti Bankası AŞ ("the Bank") and its financial affiliates as of 30 June 2007 and the related consolidated income statement, statement of cash flows and statement of changes in shareholders' equity for the interim period then ended. These financial statements are the responsibility of the Bank's management. Our responsibility, as independent auditors is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the accounting and reporting system and the regulations on the accounting and independent audit principles as per the (Turkish) Banking Law No. 5411. These regulations require that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of the personnel of the Bank and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit, and accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements are not presented fairly, in all material respects, the financial position of Türkiye Garanti Bankası AŞ and its financial affiliates as of 30 June 2007 and the result of its operations and cash flows for the six-month period then ended in accordance with the accounting principles and standards that are based on the current regulations described in Articles 37 and 38 of the (Turkish) Banking Law No. 5411 and other communiques, disclosures and directives issued by the Banking Regulatory and Supervisory Agency.

İstanbul,
8 August 2007

----	---------------------------------------------------	----

1 General Information

1.1 History of parent bank including its incorporation date, initial legal status, amendments to legal status

Türkiye Garanti Bankası Anonim Şirketi (the Bank) was established by the decree of Council of Ministers numbered 3/4010 dated 11 April 1946 and its “Articles of Association” was issued in the Official Gazette dated 25 April 1946. The Bank provides banking services through 514 domestic branches, five foreign branches and four representative offices abroad. The Bank’s head office is located in Istanbul.

1.2 Parent bank’s shareholder structure, management and internal audit, direct and indirect shareholders, change in shareholder structure during the year and information on its risk group

As of 30 June 2007, Group of Companies under Doğuş Holding AŞ that currently owns 25.87% shares of the Bank, is called as the Doğuş Group (the Group). On 22 December 2005, Doğuş Holding AŞ has completed the sale of 53,550,000,000 shares composing 25.5% of the Bank’s issued share capital to “GE Araştırma ve Müşavirlik Limited Şti.” of General Electric (GE) group, as explained in Note 1.4. Accordingly, GE acquired a joint control on the Bank’s management.

Doğuş Group

The Group was established in 1951 as a construction and contracting firm. Today, in addition to the construction sector, the Group operates in a variety of businesses consisting of financial services, automotive, media, tourism and service sectors with more than 19.000 employees. The Group operates partnerships and has distribution, management and franchise agreements with internationally recognized brand names, such as Volkswagen, Audi, Bentley, Porsche, Seat, Scania, ITT Sheraton, Hyatt Regency, Jeeves, Armani, Gucci and CNBC. In the construction sector, the Group has an important role in certain ongoing projects such as Araklı-İyidere and Sinop-Boyabat motorways, Kadıköy-Kartal and Otogar-Bağcılar subways, Yusufeli and Artvin dams, Ukraine Dnyeper bridge. The Group has tourism investments such as Sheraton Voyager, Club Aldiana and Paradise Side Apart Otel and five marinas which are adjudicated by “build, operate and transfer model” such as Dalaman, Didim, Turgutreis, Bodrum and Antalya.

The investments of the Group in the financial sector are; Türkiye Garanti Bankası AŞ, Garanti Bank International NV, Garanti Bank Moscow, Garanti Finansal Kiralama AŞ, Garanti Yatırım Menkul Kıymetler AŞ, Garanti Portföy Yönetimi AŞ, Garanti Sigorta AŞ, Garanti Emeklilik ve Hayat AŞ, Garanti Faktoring Hizmetleri AŞ, Garanti Ödeme Sistemleri AŞ, Garanti Gayrimenkul Yatırım Ortaklığı AŞ and Volkswagen Doğuş Tüketici Finansmanı AŞ.

General Electric Group

GE is a company providing variety of technology, media and financial services including aircraft engine and energy production, water and security technologies, medical systems, corporate-retail financing services and media services. GE operates in more than 100 countries through its six major business lines providing services through their own business units with more than 300 thousand employees. These six business lines are; GE Consumer Finance, GE Commercial Finance, GE Healthcare, GE Industrial, GE Infrastructure and NBC Universal.

GE Consumer Finance, one of its six major business lines extend loans to consumers, retailers and car vendors in 41 countries. GE Consumer Finance provides variety of financial products such as store credit cards, consumer loans, bank cards, automobile loans and leasing, mortgage, corporate traveling and spending cards, debt consolidation, housing loans against mortgage and credit insurance.

The top management listed above does not hold any unquoted shares of the Bank.

Afzal Mohammed Modak has been assigned as the executive vice president responsible of the finance function of the Bank on 20 July 2007.

1.4 Information on parent bank's qualified shareholders

Company	Shares	Ownership	Paid-in Capital	Unpaid Portion
Doğuş Holding AŞ	462,250	22.0119%	462,250	-
GE Araştırma ve Müşavirlik Limited Şti	535,506	25.5003%	535,506	-

In accordance with the Articles of Association of the Bank, there are 370 founder shares. It is required in the Articles of Association to distribute 10% of the distributable profit to the holders of these founder shares after allocating 5% to legal reserves, distributing dividend at an amount equal to 5% of the capital and allocating 5% of the remaining to extraordinary reserves.

1.5 Summary information on parent bank's activities and services

Activities of the Bank as stated at the third clause of its Articles of Association are as follows:

- All banking operations,
- Participating in, establishing, and trading the shares of enterprises at various sectors within the limits set forth by the Banking Law;
- Providing attorneyship, insurance agency, brokerage and freight services in relation with banking activities,
- Purchasing/selling debt securities, treasury bills, government bonds and other share certificates issued by official and private institutions,
- Developing economical and financial relations with foreign organizations,
- Dealing with all economic operations in compliance with the Banking Law.

The Bank's activities are not limited to those disclosed in that third clause, but whenever the Board of Directors deems any operations other than those stated above to be of benefit to the Bank, it is recommended in the general meeting, and the launching of the related project depends on the decision taken during the General Assembly which results in a change in the Articles of Association and on the approval of this decision by the Ministry of Industry and Commerce. Accordingly, the approved decision is added to the Articles of Association.

The Bank is not a specialized bank but deals with all kinds of banking activities. Deposits are the main sources of the lendings to the customers. The Bank grants loans to companies operating in various sectors while aiming to maintain the required level of efficiency and profitability.

The Bank also grants non-cash loans to its customers; especially letters of guarantee, letters of credit and acceptance credits.

3 Accounting Policies

3.1 Basis of presentation

As per the Article 37 of “Accounting and Recording Rules” of the Turkish Banking Law No 5411 published on the Official Gazette no.25983 dated 1 November 2005 and became effective, the Bank keeps its accounting records and prepares its consolidated financial statements and the related footnotes in accordance with accounting and valuation standards described in “Regulation on Accounting Applications for Banks and Safeguarding of Documents” published by the Banking Regulation and Supervision Agency (BRSA) and in effect since 1 November 2006, Turkish Accounting Standards (TAS), Turkish Financial Reporting Standards (TFRS) and the related statements and guidances.

The accompanying consolidated financial statements are prepared in accordance with the historical cost basis except for the securities at fair value through profit or loss, securities available for sale, investments in associates and subsidiaries that are quoted on the stock exchanges and assets held for sale which are presented on a fair value basis. In BRSA’s Circular no.BDDK.DZM.2/13/-d-5 on 28 April 2005, it was stated that as of January 2005, the majority of the criterias confirming the existence of a hyperinflationary economy are not valid anymore. Accordingly, the inflation accounting had been applied upto the end of 2004 and ceased beginning from 1 January 2005.

The accounting policies and the valuation principles applied in the preparation of the accompanying consolidated financial statements are explained in Notes 3.2 to 3.24.

3.1.1 Additional paragraph for convenience translation to English

The differences between accounting principles, as described in the preceding paragraphs, and the accounting principles generally accepted in countries, in which the accompanying consolidated financial statements are to be distributed, and International Financial Reporting Standards (“IFRS”), may have significant influence on the accompanying consolidated financial statements. Accordingly, the accompanying consolidated financial statements are not intended to present the financial position and results of operations in accordance with the accounting principles generally accepted in such countries and IFRS.

3.2 Strategy for use of financial instruments and foreign currency transactions

3.2.1 Strategy for use of financial instruments

The liability side of the balance sheet is intensively composed of short-term deposits in line with the general trend in the banking sector. In addition to deposits, the Bank and its financial affiliates have access to longer-term borrowings via the foreign currency borrowings from abroad.

In order to manage the interest rate risk arising from short-term deposits, the Bank and its financial affiliates are keen on maintaining floating rate instruments such as government bonds with quarterly coupon payments and instruments like credit cards and consumer loans providing regular cash inflows.

The fundamental strategy to manage the liquidity risk is to expand the deposit base through customer-oriented banking philosophy, and to increase customer transactions and retention rates. The widespread and effective branch network, advantage of primary dealership and strong market share in the treasury and capital markets, are some of the effective tools in the realisation of this strategy. For this purpose, serving customers by introducing new products and services continuously and reaching the customers satisfaction are very important.

Another influential factor in the management of the interest and liquidity risk on balance sheet, is product diversification both on asset and liability sides.

Exchange rate risk, interest rate risk and liquidity risk are controlled and measured by various risk management systems instantly, and the balance sheet is managed under the limits set by these systems and the limits legally required. Asset-liability management and value at risk models, stress tests and scenario analysis are used for this purpose.

Purchase and sale of short and long-term financial instruments are allowed within the pre-determined limits to generate risk-free return on capital.

The foreign currency position is controlled by the equilibrium of a currency basket to eliminate the foreign exchange risk.

3.2.2 Foreign currency transactions

Foreign exchange gains and losses arising from foreign currency transactions are recorded at transaction dates. At the end of the periods, foreign currency assets and liabilities evaluated with the Bank's spot purchase rates and the differences are recorded as foreign exchange gain or loss in the income statement.

Foreign currency differences arising from the conversion of the net investments in subsidiaries in foreign countries into YTL are classified as "other profit reserves" under the shareholders' equity. The financial liabilities in foreign currencies are designated as hedge of net investment in foreign operations and the Bank recognizes the effective portion of changes in the fair value of the hedging instruments under the shareholders' equity in "hedging reserves".

In the currency conversion of the financial statements of the Bank's foreign branches and consolidated financial affiliates, the Bank's spot purchase rates are used for balance sheet items and average foreign currency rates for income statement. All foreign currency differences arising from this conversion, are classified as "other profit reserves" under the shareholders' equity.

3.3 Information on consolidated subsidiaries

As of 30 June 2007, the following financial affiliates are consolidated in the accompanying consolidated financial statements; Garanti Bank International (GBI), Garanti Bank Moscow (Garanti Moscow), Garanti Finansal Kiralama AŞ (Garanti Finansal Kiralama), Garanti Yatırım Menkul Kıymetler AŞ (Garanti Yatırım), Garanti Portföy Yönetimi AŞ (Garanti Portföy), Garanti Emeklilik AŞ (Garanti Emeklilik), Garanti Faktoring Hizmetleri AŞ (Garanti Faktoring), Garanti Fund Management Co Ltd (GFM) ve Garanti Financial Services Plc (GFS). Following the sale transaction took place on 21 June 2007 as explained in Note 5.1.9, the remaining 20% investment in Garanti Sigorta AŞ (Garanti Sigorta) is consolidated under equity method of accounting in the accompanying consolidated financial statements.

Garanti Sigorta was established in 1989 to perform insurance activities. In 1992, it was decided to operate life and health branches under a different company and accordingly Garanti Hayat Sigorta was established. Garanti Hayat Sigorta was converted into a private pension company in compliance with the legislation early in 2003 and its name was changed as Garanti Emeklilik ve Hayat AŞ. The Bank owns 20% of Garanti Sigorta and 84.91% of Garanti Emeklilik. The head offices of these companies are in Istanbul.

Garanti Finansal Kiralama was established in 1990 to perform financial lease activities. The company's head office is in Istanbul. The Bank owns 98.94% of the company's shares through direct and indirect shareholdings.

Garanti Faktoring was established in 1990 to perform import, export and domestic factoring activities. The company's head office is in Istanbul. The Bank and T. İhracat Bankası AŞ own 55.40% and 9.78% of the company's shares, respectively. The remaining 34.82% shares are held by public.

GBI was established in 1990 by the Bank to perform banking activities in abroad. This foreign bank's head office is in Amsterdam. It is wholly owned by the Bank.

Garanti Yatırım was established in 1991 to perform brokerage activities for marketable securities, valuable papers and documents representing financial values or financial commitments of issuing parties other than securities. The company's head office is in Istanbul. It is wholly owned by the Bank.

Garanti Moscow was established in 1996 to perform banking activities in abroad. This foreign bank's head office is in Moscow. The Bank and Garanti Financial Services plc own 75.02% and 24.86% of the company shares, respectively.

Garanti Portföy was established in June 1997 to manage the customer portfolios by using the capital market products in compliance with the principles and rules of the regulations regarding the company's purpose of establishment and the portfolio management agreements signed with the customers. The company's head office is in Istanbul. It is wholly owned by the Bank.

GFS was established in Ireland in December 1997 to perform financial activities. The Bank owns 99.99% of the company's shares.

Liquidation or sale transactions of the associates and subsidiaries subject to consolidation:

As explained in Note 5.1.9, the Bank sold 80% and 15% of its consolidated subsidiaries' shares; Garanti Sigorta AŞ and Garanti Emeklilik ve Hayat AŞ, respectively to Eureko BV on 21 June 2007.

The Bank sold its 50.98% shares of Garanti Gayrimenkul Yatırım Ortaklığı AŞ in total 37,622,945 unit shares to Doğu Holding AŞ (A-group shares of 737,705 and B-group shares of 18,066,240 in total 18,803,945 unit shares) and GE Capital Corporation (A-group shares of 737,705 and B-group shares of 18,081,295 in total 18,819,000 unit shares).

Doğu Holding AŞ signed a Share Sales Agreement on 24 August 2005 for the sale of 53.550.000.000 unit shares representing 25.5% of the Bank issued share capital to GE Araştırma ve Müşavirlik Limited Şti which is a GE Group company. According to this agreement, certain non-financial participations and property are to be taken over by Doğu Holding AŞ at a total price of YTL 958,000 thousands calculated based on the financial statements as of 31 March 2005. 50% of the sale price to be collected at the closing date, 25% to be collected one year from the closing date and the remaining to be collected two years from the closing date. Accordingly, following the sale of shares, the Bank's certain non-financial subsidiaries representing the first group were transferred over to Doğu Holding AŞ in December 2005. In accordance with the terms of the agreement, beside an investment in a non-financial associate the investment in Doc Finance SA having a book value of CHF 4,350 thousands categorized in the second group was sold to Doğu Holding AŞ on 17 April 2006. Before this sale, Doc Finance SA used to be consolidated based on "equity method of accounting".

The Bank's two consolidated financial affiliates having in total 76% ownership in Cappadocia Investment Ltd sold their shares in this company before the end of November 2006 to its risk group.

GFM's liquidation is expected to be completed in 2007.

3.4 Forwards, options and other derivative transactions

The derivative transactions mainly consist of foreign currency and interest rate swaps, foreign currency options and forward foreign currency purchase/sale contracts. The Bank and its financial affiliates do not have any embedded derivatives.

In accordance with the Turkish Accounting Standard 39 (TAS 39) "Financial Instruments: Recognition and Measurement"; forward foreign currency purchases/sales, swaps, options and futures are classified "hedging purposes" and "trading purposes". Derivatives are initially recorded in off-balance sheet accounts at their purchase costs including the transaction costs. Subsequently, the derivative transactions are valued at their fair values and the changes in their fair values are recorded on balance sheet under "derivative financial assets" or "derivative financial liabilities", respectively. The subsequent fair value changes are recorded under the income statement for trading derivatives and under the shareholders' equity for hedging derivatives.

The spot legs of currency swap transactions are recorded on the balance sheet and the forward legs in the off-balance sheet accounts.

3.5 Interest income and expenses

General

Interest income and expenses are recorded according to the effective interest rate method (rate equal to the rate in calculation of present value of future cash flows of financial assets or liabilities) defined in the Turkish Accounting Standard 39 (TAS 39) "Financial Instruments: Recognition and Measurement".

In case of an interest accrued on a security before its acquisition, the collected interest is divided into two parts as interest before and after the acquisition and only the interest income of the period after the acquisition is recorded as interest income in the financial statements.

The accrued interest income on non-performing loans are reversed and subsequently recognised as interest income only when collected.

Insurance business

Earned premiums: The premiums of life and non-life branches comprise the premiums due on contracts, net of cancellations, issued during a financial year. These premiums are recorded in the financial statements by taking the reserve for unearned premiums into consideration.

Unearned premium reserve: Insurance companies are required to allocate reserves for unearned premium for all in-force policies except for earthquake guarantees. In compliance with the Law no.7397, the unearned premium reserve is calculated for all outstanding policies during the balance sheet period after deducting commissions on an accrual basis.

Life assurance provision: Insurance companies operating in life insurance business are required to provide life assurance provision for future guaranteed policy benefits. The life assurance provision is computed by the actuary by taking the mortality assumptions announced officially applicable for Turkish insurance companies. In the calculation of such provision, the net rate of return on investments is also taken into account.

Provision for outstanding claims: Provision is allocated for the outstanding claims incurred and reported but not yet settled as of the reporting period end. Such provisions should be calculated taking into account the results of the appraisal reports or the preliminary assessments of the insured customer and the expert.

Financial lease operations

Total of minimum rental payments including interests and principals are recorded under “financial lease receivables” as gross. The difference, i.e. the interest, between the total of rental payments and the cost of the related tangible asset is recorded under “unearned income”. When the rent payment incurs, the rent amount is deducted from “financial lease receivables”; and the interest portion is recorded as interest income in the income statement.

3.6 Fees and commissions

Fees and commissions received and paid, and other fees and commissions paid to financial institutions are calculated according to either accrual basis of accounting or effective interest rate method depending on nature of fees and commissions, incomes derived from agreements and asset purchases from third parties are recognized as income when realized.

3.7 Financial assets

3.7.1 Financial assets at fair value through profit or loss

Such assets are valued at their fair values and gain/loss arising is recorded in the income statement. Interest income earned on trading securities and the difference between their acquisition costs and fair values are recorded as interest income in the income statement. In case of sales of such securities before their maturity, the gains/losses on such sales are recorded under trading income/losses.

3.7.2 Investments held-to-maturity, financial assets available-for-sale and loans and receivables

Financial assets are recorded at their purchase costs including the transaction costs.

Investments held-to-maturity are financial assets with fixed maturities and pre-determined payment schedules that the Bank and its financial affiliates have the intent and ability to hold until maturity, excluding originated loans and receivables.

There are no financial assets that are not allowed to be classified as investments held-to-maturity for two years due to the tainting rules applied for the breach of classification rules.

Investments held-to-maturity are recorded using discounting method with internal rate of return after deducting impairments, if any. Interest earned on investments held-to-maturity are recognized as interest income.

Financial assets available-for-sale, are financial assets other than assets held for trading purposes, investments held-to-maturity and originated loans and receivables.

Financial assets available-for-sale are measured at their fair values subsequently. However, assets for which fair values could not be determined reliably are valued using discounting method with internal rate of return for the ones with a fixed maturity; and using valuation models or discounted cash flow techniques for the ones which do not have a fixed maturity. Unrecognised gain/losses derived from the difference between their fair value and the discounted values are recorded in “securities value increase fund” under the shareholders’ equity. In case of sales, the realized gain/losses are recognized directly in the income statement.

Government bonds indexed to consumer price index and issued on 21 February 2007 are for five-year maturity and with fixed real coupon rate of 5% semiannually. As per the statement made by the Turkish Treasury on the date of issuance, such securities will be valued taking into account the difference between the reference index at the issue date and the reference index at the balance sheet date to reflect the effects of inflation.

Purchase and sale transactions of securities are accounted at delivery dates.

Loans and receivables are financial assets raised through providing money, commodity and services to debtors.

Loans are financial assets with fixed or determinable payments and not quoted in an active market.

Loans and receivables are recorded at cost and valued using discounting method with internal rate of return. The duties paid, transaction expenditures and other similar expenses on assets received against such risks are considered as a part of transaction cost and charged to customers.

3.8 Impairment of financial assets

Financial asset or group of financial assets are reviewed at each balance sheet date to determine whether there is objective evidence of impairment. If any such indication exists, the Bank estimates the amount of impairment.

Impairment loss incurs if, and only if, there is an objective evidence that the expected future cash flows of financial asset or group of financial assets are adversely effected by an event(s) (“loss event(s)”) incurred subsequent to recognition. The losses expected to incur due to future events are not recognized even if the probability of loss is high.

If there is an objective evidence that certain loans will not be collected, for such loans; the Bank provides specific and general allowances for loan and other receivables classified in accordance with the Regulation on Identification of and Provision against Non-Performing Loans and Other Receivables published on the Official Gazette no.2633 dated 1 November 2006. The allowances are recorded in the income statement of the related period.

3.9 Netting of financial instruments

In cases where the fair values of trading securities, securities available-for-sale, securities quoted at the stock exchanges, associates and subsidiaries are less than their carrying values, a provision for impairment is allocated, and the net value is shown on the balance sheet.

Specific allowances for non-performing loan and other receivables are provided in accordance with the Regulation on Identification of and Provision against Non-Performing Loans and Other Receivables. Such allowances are deducted from loans under follow-up on the asset side.

Otherwise, the financial assets and liabilities are netted off only when there is a legal right to do so.

3.10 Repurchase and resale agreements and securities lending

Securities sold under repurchase agreements are recorded on the balance sheet in compliance with the Uniform Chart of Accounts for Banks. Accordingly, government bonds and treasury bills sold to customers under repurchase agreements are classified as “Investments Subject to Repurchase Agreements” and valued based on the Bank management’s future intentions, either at market prices or using discounting method with internal rate of return. Funds received through repurchase agreements are classified separately under liability accounts and the related interest expenses are accounted on an accrual basis.

Securities purchased under resale agreements are classified under “interbank money markets” separately. An income accrual is accounted for the positive difference between the purchase and resale prices earned during the period.

3.11 Assets held for sale and discontinued operations

A tangible asset (or a disposal group) classified as “asset held for sale” is measured at lower of carrying value or fair value less costs to sell. An asset (or a disposal group) is regarded as “asset held for sale” only when the sale is highly probable and the asset (disposal group) is available for immediate sale in its present condition. For a highly probable sale, there must be a valid plan prepared by the management for the sale of asset including identification of possible buyers and completion of sale process. Furthermore, the asset should be actively in the market at a price consistent with its fair value.

A discontinued operation is a part of the Bank’s business classified as sold or held-for-sale. The operating results of the discontinued operations are disclosed separately in the income statement. The Bank or its financial affiliates have no discontinued operations.

3.12 Goodwill and other intangible assets

The intangible assets consist of goodwill, leasehold improvements, softwares, intangible rights and pre-operating expenses.

Goodwill and other intangible assets are recorded at cost in accordance with the Turkish Accounting Standard 38 (TAS 38) “Intangible Assets”.

The costs of the intangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. The intangible assets purchased after this date are recorded at their historical costs. Assets purchased before 2005 are amortised over their estimated useful lives on a straight-line basis. From the beginning of 2005, newly purchased assets are amortised based on the declining balance which is one of the accelerated amortisation methods.

Goodwill represents the excess of the total acquisition costs over the shares owned in the net assets of the acquired company at the date of acquisition. The “net goodwill” resulted from the acquisition of the investment and to be included in the consolidated balance sheet, is calculated based on the financial statements of the investee company as adjusted according to the required accounting principles.

If any goodwill is computed at consolidation, it is recorded under intangible assets on the asset side of the consolidated balance sheet as an asset. It is assessed to identify whether there is any indication of impairment. If any such indication exists, the necessary provision is recorded as an expense in the income statement. The goodwill is not amortized.

Estimated useful lives of the intangible assets except for goodwill, are 5-15 years, and amortisation rates are 6.67-20%.

If there is objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 (TAS 36) “Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

3.13 Tangible assets

The cost of the tangible assets purchased before 31 December 2004 are restated from the purchasing dates to 31 December 2004, the date the hyperinflationary period is considered to be ended. The tangible assets purchased after this date are recorded at their historical costs.

Tangible assets are recorded at cost in accordance with the Turkish Accounting Standard 16 (TAS 16) “Tangible Assets”.

If there is objective evidence of impairment, the asset’s recoverable amount is estimated in accordance with the Turkish Accounting Standard 36 (TAS 36) “Impairment of Assets” and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

Gains/losses arising from the disposal of the tangible assets are calculated as the difference between the net book value and the net sales price.

Maintenance and repair costs incurred for tangible assets, are recorded as expense.

There are no restrictions such as pledges, mortgages or any other restriction on tangible assets.

There are no changes in the accounting estimates that are expected to have an impact in the current or subsequent periods.

Depreciation rates and estimated useful lives are:

Tangible assets	Estimated useful lives (years)	Depreciation Rates (%) from 1 January 2005	Depreciation Rates (%) before 1 January 2005
Buildings	50	4	2
Vaults	20-50	4-10	2-5
Motor vehicles	5-7	30-40	15-20
Other tangible assets	4-20	10-50	5-25

Tangible assets purchased before 2005 are depreciated over their estimated useful lives on a straight-line basis from the date of their acquisition. From the beginning of 2005, newly purchased tangible assets are depreciated based on the declining balance which is one of the accelerated depreciation methods.

The depreciation of an asset held for a period less than a full financial year is calculated as a proportion of the full year depreciation charge from the date of acquisition to the financial year end.

3.14 Leasing activities

The maximum period of the leasing agreements is 4 years. Leased assets are recognized by recording an asset or a liability. In the determination of the related asset and liability amounts, the lower of the fair value of the leased asset and the present value of leasing payments is considered. Financial costs on leasing agreements are expanded in lease periods at a fixed interest rate.

In cases where leased assets are impaired or the expected future benefits of the assets are less than their book values, the book values of such leased assets are reduced to their net realizable values. Depreciation for assets acquired through financial leases is calculated consistently with the same principle as for the tangible assets.

In operating leases, the rent payments are charged to the statement of operations in equal installments.

3.15 Provisions and contingent liabilities

In the financial statements, a provision is made for an existing commitment resulted from past events if it is probable that the commitment will be settled and a reliable estimate can be made of the amount of the obligation. Provisions are calculated based on the best estimates of management on the expenses to incur as of the balance sheet date and, if material, such expenses are discounted for their present values. If the amount is not reliably estimated and there is no probability of cash outflow from the Bank to settle the liability, the related liability is considered as “contingent” and disclosed in the notes to the financial statements.

Provisions made during the period are recorded under “provision for losses on loans and other receivables”; provisions that were booked in the prior periods and released in the current year are recorded under “other operating income”.

3.16 Contingent assets

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Bank or its financial affiliates. If an inflow of economic benefits has become probable, then the contingent asset is disclosed in the footnotes to the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the financial statements of the period in which the change occurs.

3.17 Obligations concerning employee rights

As per the existing labour law in Turkey, the Bank is required to pay certain amounts to the employees retired or fired except for resignation or misbehaviours.

The Bank reserved for employee severance indemnities in the accompanying financial statements using actuarial method in accordance with the Turkish Accounting Standard 19 (TAS 19) "Employee Benefits".

The major actuarial assumptions used in the calculation of the total liability are as follows:

	30 June 2007	31 December 2006
Discount Rate	5.71%	5.71%
Expected Rate of Salary/Limit Increase	5.00%	5.00%
Estimated Employee Turnover Rate	5.25%	5.25%

The Bank provided for undiscounted short-term employee benefits earned during the financial periods as per services rendered in accordance with TAS 19.

The employees of the Bank are the members of "Türkiye Garanti Bankası Anonim Şirketi Memur ve Müstahdemleri Emekli ve Yardım Sandığı Vakfı" (the Fund) established as per the temporary article no.20 of the Social Security Law no.506.

As per the letter of the Ministry of Employment and Social Security no.55723 dated 9 November 2006, the temporary Article no.23 of the Turkish Banking Law no.5411 and the temporary Article no.6 of the Law no.5502 dated 16 May 2006, the Board of Ministry of Turkey has agreed on 30 November 2006 by the Decree of Board of Ministries no. 2006/11345 that the Decree on the transfer of pension funds similar foundations subject to the temporary article no.20 of the Social Security Law no.506 together with their members and the persons who are paid under insurance coverage for disablement, old-age and mortality and their right-holders to Social Security Foundation (SSF) will take place.

As per the Article no.9 of the related Decision of Board of Ministries;

The discounted liability for each fund in terms of the persons transferred as of the transfer date, including the contributors left the fund, should be calculated by taking the revenues and expenditures of funds into account under the Law no.506 as follows;

- The technical interest rate to be used for the actuarial calculation is 10.24% calculated as the nominal interest rate at the issue date of the longest-maturity discounted New Turkish Lira-denominated government bonds as of 30 June 2005, as adjusted to real interest rate using the year-end inflation target based on the consumer price index declared in the Medium-Term Program of the Turkish Government.
- Mortality table "CSO 1980 female and male lifetime tables" will be used for death-age assumptions.

- c) Estimated premium payments (including insurance premiums for illness) made by contributors of the fund after the date of transfer of the fund (i.e. active members and persons making voluntary premium payments) up to the date they are entitled to receive salary or income as per the Law no.506 are taken into account as revenue in the calculation of discounted value of the fund.

The technical financial statements of the Fund are audited by the certified actuary according to the Article no.38 of the Insurance Law and the “Actuaries Regulation” issued as per this Article. As per the actuarial report dated 12 February 2007 and prepared in compliance with the principles explained above, there is no technical or actual deficit determined which requires provision against.

On 2 November 2005 the President had applied to the Constitutional Court for annulment of certain statements of the related Article of the Turkish Banking Law no.5411 related with the transfer of funds to SSF. By the decision of the Constitutional Court no.E.2005/39, K.2007/33 dated 22 March 2007 as published in the Official Gazette no.26479 dated 31 March 2007, the related Article was annulled and its execution was aborted as of the publication date of this decision.

Except for the employees of the Bank, the retirement-related benefits of the employees of the consolidated subsidiaries and associates are subject to SSF in case of domestic investees and to the legislations of the related countries in case of foreign investee companies. There are no obligations not reflected in the accompanying consolidated financial statements.

3.18 Taxation

3.18.1 Corporate tax

In accordance with Article No. 32 of the new Corporate Tax Law no.5520 published in the Official Gazette no.26205 dated 21 June 2006, the corporate tax rate is reduced from 30% to 20% in Turkey. Accordingly, effective from 1 January 2006, statutory income is subject to corporate tax at 20%. This rate is applied to accounting income modified for certain exemptions (like dividend income) and deductions (like investment incentives), and additions for certain non-tax deductible expenses and allowances for tax purposes. If there is no dividend distribution planned, no further tax charges are made.

Dividends paid to the resident institutions and the institutions working through local offices or representatives in Turkey are not subject to withholding tax. As per the decision no.2006/10731 of the Council of Ministers published in the Official Gazette no.26237 dated 23 July 2006, certain duty rates included in the articles no.15 and 30 of the new Corporate Tax Law no.5520 are revised. Accordingly, the withholding tax rate on the dividend payments other than the ones paid to the nonresident institutions generating income in Turkey through their operations or permanent representatives and the resident institutions, increased to 15% from 10%. In applying the withholding tax rates on dividend payments to the nonresident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. Appropriation of the retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the earnings of the related years. The prepayments can be deducted from the annual corporate tax calculated for the whole year earnings.

In accordance with the Turkish tax legislation, the tax losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from previous periods.

In Turkey, there is no procedure for a final and definite agreement on tax assessments. Companies file their tax returns with their tax offices by the end of 25th of the fourth month following the close of the accounting period to which they relate. Tax returns are open for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

Effective from 1 January 2006, the article 2 of the Law no.5479 published in the Official Gazette dated 8 April 2006 with no.26133 and the article 19 of the Income Tax Law that used to regulate the investment incentives are abolished. However, the provisional article 69 added to the Income Tax Law through this law regulates the transition period in application of investment incentives.

3.18.2 Deferred taxes

According to the Turkish Accounting Standard 12 (TAS 12) “Income Taxes”; deferred tax assets and liabilities are recognized, using the balance sheet method, on all taxable temporary differences arising between the carrying values of assets and liabilities in the financial statements and their corresponding balances considered in the calculation of the tax base, except for the differences not deductible for tax purposes and initial recognition of assets and liabilities which affect neither accounting nor taxable profit.

If transactions and events are recorded in the income statement, then the related tax effects are also recognized in the income statement. However, if transactions and events are recorded directly in the shareholders’ equity, the related tax effects are also recognized directly in the shareholders’ equity.

The deferred tax assets and liabilities are reported as net in the financial statements.

3.19 Funds borrowed

Funds are generated from domestic and foreign sources when this is necessary. The funds borrowed from foreign sources are mainly in the form of syndications and securitizations. The funds borrowed received are recorded at their purchase costs and discounted by using the internal rate of return.

There are no convertible bonds or any other securities issued.

3.20 Shares and share issuances

None.

3.21 Confirmed bills of exchange and acceptances

Confirmed bills of exchange and acceptances are realized simultaneously with the customer payments and recorded in off-balance sheet accounts as possible debt and commitment, if any.

3.22 Government incentives

As of 30 June 2007, the Bank or its financial affiliates do not have any government incentives or aids.

3.23 Segment reporting

The Bank operates in corporate, commercial, small business, retail and investment banking. Accordingly, the banking products served to customers are; custody services, time and demand deposits, accumulating deposit accounts, repos, overdraft facilities, spot loans, foreign currency indexed loans, consumer loans, automobile and housing loans, working capital loans, discounted bills, gold loans, foreign currency loans, eximbank loans, pre-export loans, ECA covered financing, letters of guarantee, letters of credit, export factoring, acceptance credits, draft facilities, forfaiting, leasing, insurance, forward, futures, salary payments, investment account (ELMA), cheques, safety boxes, bill payments, tax collections, payment orders. GarantiCard, BonusCard, Shop&Miles, American Express, BusinessCard credit cards and Maestro ve Electron Garanti24 cards are available under the brand name of Visa and Mastercard.

The Bank provides service packages to its corporate, commercial and retail customers including deposit, loans, foreign trade transactions, investment products, cash management, leasing, factoring, insurance, credit cards, and other banking products. A customer-oriented branch network has been built in order to serve customers' needs effectively and efficiently. The Bank also utilizes alternative delivery channels intensively.

The Bank provides corporate banking products to international and national holdings in Turkey by coordinating regional offices, suppliers and intermediaries, utilizing cross-selling techniques. Mainly, it provides services through its commercial and mixed type of branches to export-revenue earning sectors like tourism and textile and exporters of Turkey's traditional agricultural products.

Additionally, the Bank provides "small business" banking service to enterprises in retail and service sectors. Products include overdraft accounts, POS machines, credit cards, cheque books, TL and foreign currency deposits, investment accounts, internet banking and call-center, debit card, and bill payment.

Retail banking customers form a wide-spread and sustainable deposit base for the Bank. Individual customers' needs are met by diversified consumer banking products through branches and alternative delivery channels.

Information on the business segments on a consolidated basis is as follows as of 30 June 2007:

Current Period	Retail Banking	Corporate Banking	Investment Banking	Other	Total Operations
Total Operating Profit	871,171	692,051	319,994	295,436	2,178,652

3.24 Other disclosures

3.24.1 Disclosures for the first-time adoption of Turkish Accounting Standards

The accounting principles and valuation methods used in the preparation of the prior period consolidated financial statements are revised as explained in Note 3.1 in compliance with Turkish Accounting Standards and Turkish Financial Reporting Standards as per the communiqué no.1 “Frame for Preparation and Presentation of Financial Statements” of the Turkish Accounting Standards Board published on the Official Gazette no.25702 dated 16 January 2005. In compliance with the Turkish Accounting Standard 8 (TAS 8) “Accounting Policies, Changes in Accounting Estimates and Errors”, the adjustments net of deferred tax effects made to the financial statements of the prior period are summarized below.

	Current Period Profit/Loss ^(*)	Prior Periods Profit/Loss ^(*)	Total Shareholders’ Equity ^(**)
Reported Balances as of 31 December 2005	767,081	-	3,956,617
Reserve for Employee Severance Indemnities	(8,576)	(9,805)	(18,381)
Provision for Short-Term Employee Benefits	(6,198)	(23,290)	(29,488)
Provision for Promotion Expenses of Credit Cards	(3,301)	(7,745)	(11,046)
Cancellation of Negative Goodwill	(154)	154	-
Reclassification of the Year 2004 Extraordinary Reserves to Prior Periods Profit/Loss	-	36,307	-
Adjusted Balances as of 31 December 2005	748,852	(4,379)	3,897,702

(*) excluding minority interest

(**) including minority interest

	Net Profit/Loss of Period	Total Shareholders’ Equity
Reported Balances as of 30 June 2006	533,508	4,004,160
Reserve for Employee Severance Indemnities	(1,003)	(19,384)
Provision for Short-Term Employee Benefits	(802)	(30,290)
Provision for Promotion Expenses of Credit Cards	2,272	(8,774)
Bonus Shares of Associates, Subsidiaries and Joint-Ventures	3,810	3,810
Adjusted Balances as of 30 June 2006	537,785	3,949,522

3.24.2 Other reclassifications

The factoring payables amounting YTL 178,561 thousands are netted with the same amount of factoring receivables as of 31 December 2006. As a result of this netting, the capital adequacy ratio increased from 12.76% to 12.83%.

The foreign exchange losses of YTL 3,683 thousands on the principal of foreign currency-indexed loans, is reclassified from “other operating expenses” to “foreign exchange losses”; and the foreign exchange gains of YTL 229,235 thousands and YTL 164,920 thousands on the foreign currency-indexed loans and securities respectively from “other operating income” to “foreign exchange gains” as of 30 June 2006.

4 Consolidated Financial Position and Results of Operations

4.1 Consolidated capital adequacy ratio

The Bank's consolidated capital adequacy ratio is 13.50% (unconsolidated basis: 15.00%) as of 30 June 2007.

4.1.1 Risk measurement methods in calculation of consolidated capital adequacy ratio

Capital adequacy ratio is calculated within the scope of the "Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks" and "Regulation on Equities of Banks" published in Official Gazette no.26333 dated 1 November 2006.

In calculation of capital adequacy ratio, the accounting records prepared in compliance with the current legislation are used.

The items deducted from the capital base are not included in the calculation of risk weighted assets. In calculation of risk weighted assets, impairments, depreciation and amortisation, and provisions are considered as deduction items.

In the calculation of their risk-based values, non-cash loans are weighted after netting with specific provisions that are classified under liabilities and calculated based on the "Regulation on Identification of and Provision against Non-Performing Loans and Other Receivables". The net amounts are then multiplied by the rates stated in the Article 5 of "Regulation regarding Measurement and Assessment of Capital Adequacy Ratios of Banks".

In the calculation of the risk based values of the derivative financial instruments, such instruments are weighted once more and classified according to the related risk groups after being multiplied by the rates stated in the Article 5 of "Regulation regarding Measurement and Assessment of Capital Adequacy Ratios of Banks".

4.2 Consolidated credit risk

Not prepared in compliance with the Article 25 of the communiqué “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

4.3 Consolidated market risk

The Bank has defined its risk management procedures and has taken necessary precaution in order to avoid market risk, in compliance with “Regulation on Bank’s Internal Control and Risk Management Systems” and “Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks” published in Official Gazette no. 26333 dated 1 November 2006.

Being exposed to market risk, the Bank’s Board of Directors has identified risk management strategies and policies considering the suggestions by the Executive Risk Committee and has pursued the application of these strategies periodically. Considering the existing major risks, the Bank’s Board of Directors determines and revises the risk limits, when necessary. The Board of Directors ensures that the risk management group and the executive management are taking necessary action in identifying, measuring, controlling and managing several risks.

Market risks arising from trading transactions are measured by internal risk measurement model using value at risk (VaR) methodology. VaR is calculated by three different methods, namely historical simulation, monte carlo simulation and parametric method. Market risk arising from maturity mismatches of assets and liabilities is calculated through the assets-liabilities risk measurement model.

The periodical stress testing and scenario analysis support the above mentioned measurements. Traditional risk measurement methods such as cash flow projection, duration and variance analysis are also used.

The capital need for general market risk and specific risks is calculated using the standart method defined by the “Regulation on Measurement and Assessment of Capital Adequacy Ratios of Banks” and reported monthly.

4.3.1 Value at market risk on a consolidated basis

	Amount
(I) Capital Obligation against General Market Risk - Standard Method	71,026
(II) Capital Obligation against Specific Risks - Standard Method	65,849
(III) Capital Obligation against Currency Risk - Standard Method	21,574
(IV) Capital Obligation against Stocks Risks - Standard Method	-
(V) Capital Obligation against Exchange Risks - Standard Method	-
(VI) Capital Obligation against Market Risks of Options - Standard Method	7,793
(VII) Capital Obligation against Market Risks of Banks applying Risk Measurement Models	-
(VIII) Total Capital Obligations against Market Risk (I+II+III+IV+V+VI)	166,242
(IX) Value-At-Market Risk ((12.5*VIII) or (12.5*VII))	2,078,025

4.3.2 Monthly average values at market risk

Not prepared in compliance with the Article 25 of the communiqué “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

4.4 Consolidated operational risk

The value at operational risk is calculated according to the basic indicator approach as per the Article 14 of “Regulation regarding Measurement and Assessment of Capital Adequacy Ratios of Banks”.

The annual gross income is composed of net interest income plus net non-interest income at year end. It is increased by provisions, operating expenses including fees paid to outsourcing service providers, and reduced by realised gains/losses from the sale of securities available-for-sale and held-to-maturity and extraordinary income and income derived from insurance claims.

	31 December 2004	31 December 2005	31 December 2006
(I) Net Interest Income	1,423,468	1,817,392	2,075,885
(II) Net Non-Interest Income	(1,022,900)	(1,065,662)	(909,320)
(III) Provisions	735,434	664,890	682,656
(IV) Operating Expenses	1,270,775	1,464,074	1,591,847
(V) Gain/Loss on Securities Available-for-Sale and Held-to-Maturity	67,432	58,854	51,307
(VI) Extraordinary Income	84,339	132,907	157,707
(VII) Gross Income (I+II+III+IV+V-VI-VII)	2,255,006	2,688,933	3,232,054
(VIII) Average Gross Income (Total Gross Income/3)	2,725,331		
(IX) Value at Operational Risk (Av. Gross Income x 15% x 12.5)	5,109,996		

4.5 Consolidated foreign currency exchange rate risk

Foreign currency open position limit is set in compliance with the legal standard ratio of net foreign currency position. As of 30 June 2007, the Bank and its financial affiliates’ net ‘on balance sheet’ foreign currency short position amounts to YTL 2,733,505 thousands (31 December 2006: YTL 3,231,168 thousands), net ‘off-balance sheet’ foreign currency long position amounts to YTL 2,849,077 thousands (31 December 2006: YTL 3,392,232 thousands), while net foreign currency long position amounts to YTL 115,572 thousands (31 December 2006: YTL 161,064 thousands).

The consolidated foreign currency position risk is measured by “standard method” and “value-at-risk (VaR) model”. Measurements by standard method are carried out weekly, whereas measurements by “VaR” are done daily.

The Bank’s effective exchange rates at the date of balance sheet and for the last five working days of the period announced by the Bank in YTL are as follows:

	US\$	EUR	Yen (100)	GBP
The Bank’s foreign currency purchase rate at balance sheet date	1,3040	1,7627	1,0567	2,6159
<u>Foreign currency rates for the days before balance sheet date:</u>				
Day 1	1,3040	1,7619	1,0565	2,6156
Day 2	1,3150	1,7706	1,0691	2,6330
Day 3	1,3240	1,7787	1,0810	2,6434
Day 4	1,3180	1,7742	1,0707	2,6350
Day 5	1,3150	1,7698	1,0629	2,6263
Last 30-day arithmetical average rate	1,3155	1,7648	1,0721	2,6117

(*) Other liabilities also include gold deposits of YTL 67,995 thousands that is included in "deposits" in the accompanying consolidated financial statements.

4.6 Consolidated interest rate risk

Interest sensitivity of assets, liabilities and off-balance sheet items is evaluated during the weekly Assets-Liabilities Committee meetings taking into account the developments in market conditions.

Bank's interest rate risk is measured by the standard method, value at risk (VaR) and asset-liability risk measurement models.

Measurements for standard method are carried out monthly using the maturity ladder table, while measurements for VaR calculations are done daily. Asset-liability risk measurement model is studied monthly.

During the daily VaR calculations, the interest rate risks of the Bank's YTL and FC trading and investment securities available for sale and off-balance sheet position are measured. These are supported by scenario analysis and stress testing.

4.6.1 Interest rate sensitivity of assets, liabilities and off balance sheet items (based on repricing dates)

4.7 Consolidated liquidity risk

In order to avoid the liquidity risk, the Bank diverts funding resources as customer deposits and foreign borrowings, considers the maturity mismatch between assets and liabilities and maintains liquid assets to guarantee sufficient liquidity during market fluctuations.

While the Bank's short term liquidity need is met mainly with deposits, its long term liquidity is provided through foreign funding sources such as syndication and securitisation transactions. There are no significant idle liquidity resources.

Terminated Lease Contracts (-)	-	-
Net Financial Lease Receivables	1,560,759	1,286,868

5.1.11.3 Financial lease agreements

The criterias applied for the financial lease agreements are as follows:

The customer applied for a financial lease is evaluated based on the lending policies and criterias taking into account the legal legislation. A “customer analysis report” according to the type and amount of the application is prepared for the evaluation of the customer by the Credit Committee and certain risk rating models such as “customer risk rating” and “equipment rating/scoring” are applied.

In compliance with the legal legislation and the authorization limits of the general manager, credit committee and board of directors, it is decided whether the loan will be granted considering the financial position and the qualitative characteristics of the customer and the criterias mentioned above, if yes, which conditions will be applied. At this stage, collateral such as bank guarantees, mortgages, asset pledges, promissory notes or the personal or corporate guarantees, may be required depending on the creditworthiness of the customer and the characteristics of the product to be sold.

The sectoral, equipment type and pledged asset concentration of the customers are monitored regularly.

The followings are monitored for the financial lease agreements signed:

Subsequent to granting of loan, the fulfillment of monetary aspects such as lending procedures, timely collection of rental payments are monitored. Furthermore, updated information on the performance of companies is reported by the credit monitoring unit even for the performing customers.

The reports prepared by the credit monitoring unit for the performing companies and the assessments made by the administration follow-up and the legal units for the problematic companies, are presented to the top management following the assesments made by the related internal committees and the necessary actions are taken.

5.1.13 Tangible assets (net)

Not prepared in compliance with the Article 25 of the communique “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

5.1.14 Intangible assets

Not prepared in compliance with the Article 25 of the communique “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

5.1.15 Deferred tax assets

As of 30 June 2007, the Bank had a deferred tax asset of YTL 67,303 thousands (31 December 2006: YTL 43,830 thousands) calculated as the net amount remaining after netting of tax deductible timing differences and taxable timing differences in its consolidated financial statements.

The Bank did not have any deferred tax assets on tax losses carried forward or tax deductions and exemptions as of 30 June 2007. However, there was a deferred tax asset of YTL 116,414 thousands (31 December 2006: YTL 90,062 thousands) and deferred tax liability of YTL 49,111 thousands (31 December 2006: YTL 46,232 thousands) presented as net in the accompanying financial statements on all taxable temporary differences arising between the carrying amounts and the taxable amounts of assets and liabilities on the financial statements that will be considered in the calculation of taxable earnings in the future periods.

For the cases where such differences are related with certain items on the shareholders’ equity accounts, the deferred taxes are charged or credited directly to these accounts.

5.1.16 Assets held for sale

Not prepared in compliance with the Article 25 of the communique “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

5.3.2 Financial derivative instruments

Not prepared in compliance with the Article 25 of the communiqué “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

5.3.3 Contingent liabilities and assets

The monetary losses amounting YTL 712,872 thousands incurred in the 2001 financial year as a result of the inflation accounting applied in compliance with the Temporary article no.4 added to the Banks Law no.4389 through the Law no.4743, were net off with extraordinary reserves, legal reserves and capital reserves from inflation adjustments to equity items. As per the Temporary article no.4/13 of the same Law and the statements of the reiterated article 14/1a of the Corporate Tax Law no.5422, these losses have not been taking into account in the tax returns of the year 2001 and subsequent years, whereas such losses should have been deducted from the taxable income. Accordingly, the tax returns were submitted with a condition stating that such losses should have been deducted and the Bank may appeal to the tax court for the tax return. Following the rejection of this condition by the tax office, the Bank appealed to the tax court for the corporate tax return of the year 2004 and the temporary tax periods of the year 2005 and the tax court decided in favour of the Bank. However, as of the reporting date, the judgement process continues.

5.3.4 Services rendered on behalf of third parties

Not prepared in compliance with the Article 25 of the communique “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

5.7.2 Parent bank's risk group

5.7.2.1 *Relations with companies in risk group of/or controlled by the Bank regardless of nature of current transactions*

Transactions with the risk group, are held under arm's-length conditions; terms are set according to the market conditions and in compliance with the Banking Law. The Bank's policy is to keep the balances and transaction volumes with the risk group at reasonable levels preventing any high concentration risk on balance sheet.

5.7.2.2 *Concentration of transaction volumes and balances with risk group and pricing policy*

The cash loans of the risk group amounting YTL 67,613 thousands (31 December 2006: YTL 82,539 thousands) compose 0.20% (31 December 2006: 0.28%) of the Bank's total cash loans and 0.10% (31 December 2006: 0.14%) of the Bank's total assets. The total loans and similar receivables amounting YTL 421,958 thousands (31 December 2006: YTL 318,435 thousands) compose 0.65% (31 December 2006: YTL 0.56%) of the Bank's total assets. The non-cash loans of the risk group amounting YTL 121,178 thousands (31 December 2006: YTL 52,470 thousands) compose 1.05% (31 December 2006: 0.52%) of the Bank's total non-cash loans. The deposits of the risk group amounting YTL 654,770 thousands (31 December 2006: YTL 644,300 thousands) compose 1.74% (31 December 2006: 1.91%) of the Bank's total deposits. The pricing in transactions with the risk group companies is set in compliance with the market prices.

5.7.2.3 *Other matters not required to be disclosed*

None.

5.7.2.4 *Transactions accounted under equity method*

Please refer to Notes 5.1.8 and 5.1.9.

5.7.2.5 *All kind of agreements signed like asset purchases/sales, service rendering, agencies, leasing, research and development, licences, funding, guarantees, management services*

The Bank has agency contracts with certain consolidated subsidiaries namely Garanti Yatırım Menkul Kıymetler AŞ, Garanti Sigorta AŞ, Garanti Emeklilik ve Hayat AŞ. Accordingly, all the branches of the Bank serve as agencies to sell the products of these entities to customers. Agency services for trading of securities are rendered by the Bank's specialised branches (Investment Centers).

Purchase of equipments for internal use are partly arranged through financial leasing.

5.8 Domestic, foreign and off-shore branches or investments and foreign representative offices

Not prepared in compliance with the Article 25 of the communique “Financial Statements and Related Disclosures and Footnotes to be Announced to Public by Banks”.

5.9 Significant events and matters arising subsequent to balance sheet date

On 5 July 2007, the Bank has reached an agreement with Deutsche Bank AG regarding the transfer of its custody services to foreign institutional investors for US\$ 115 millions. Pursuant to the agreement, ongoing services provided to foreign institutional investors will continue to be provided by the Bank for the duration of the next ten months.

Deutsche Bank AG has paid US\$ 115 millions consideration for the transfer of the said services up front and following the deduction of the Banking and Insurance Transaction Tax at 5% from such amount, the remaining will be recognized in the Bank's income of the corresponding period.

On the other hand, custody services provided by the Bank to local investors will continue to be provided as presently carried out and such investors will continue to receive custody services from Türkiye Garanti Bankası AŞ.

5.10 Other Disclosures on Activities of the Bank

5.10.1 Other disclosures

- On 5 February 2007, the Bank obtained a subordinated debt of US\$ 500 millions from foreign markets with an interest of 6.95% and maturity of 10 years with a repayment option for the Bank at the end of the fifth year. This debt is qualified as the secondary subordinated debt to be included in the supplementary capital by BRSA in the calculation of the Bank's capital adequacy ratio as of 5 February 2007 in compliance with the conditions set in the legislation on "Banks' Equities" issued by BRSA and published in the Official Gazette no.26333 dated 1 November 2006.
- It was decided during the Board of Directors meeting of the Bank on 4 April 2007 to merge the Romania branches of Garanti Bank International NV's, a fully owned subsidiary of the Bank in Holland and the following companies of GE Consumer Finance; Domenia Credit IFN, Ralfi IFN and Motoractive Leasing IFN operating in Romania. The ultimate shareholders of Motoractive Leasing IFN, the company planned to operate in Romania under the banking license after these mergers will be T. Garanti Bankası AŞ, Doğuş Holding AŞ and GE Consumer Finance. The work on this issue continues.
- It has been resolved in the Bank's board of directors meeting held on 11 June 2007 that:
 - the Article 38 "Voting" of the Articles of Association of the Bank will be amended to provide right of one vote for each Garanti Bank share of 1Ykr (the pertaining amendment reflects a technical adjustment, related to the transition to YTL and does not entail any change regarding the voting rights of the shares).
 - the Article 45 "Distribution of Profit" of the Articles of Association of the Bank regarding the distribution of the net profit to members of the board of directors and the personnel will be abolished and removed from the Articles of Association of the Bank; and other terms in Article 45 regarding distribution of net profit will remain without any changes.

The applications have been filed with the BRSA and the CMB for these resolutions on 13 June 2007. Following the completion of this process, the amendments to the Articles of Association will be submitted for approval at the extraordinary general assembly meeting.

6 Independent Auditors' Review Report

6.1 Disclosure on Independent Auditors' Review Report

The consolidated interim financial statements of the Bank and its financial affiliates as of 30 June 2007, are reviewed by Akis Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik AŞ (the member firm of KPMG International). It was noted in their review report dated 8 August 2007 that nothing material has come to their attention that caused them to believe that the accompanying consolidated interim financial statements do not give a true and fair view of the financial position and results of its operations of the Bank and its financial affiliates as of 30 June 2007.
